

HOTEL TO OPEN WITH GRAND BALL

THE LINDSAY, AT MILLERS, WILL PROVIDE GREAT TIME ON MONDAY NIGHT.

The Hotel Lindsay, at Millers, will open on next Monday night with a grand ball, the swellest that has ever been given in Millers. If anyone has any doubts as to the flourishing condition of the mill and railroad town, all that is necessary for him to do is to make an inspection of the Lindsay hotel.

The music for the ball will be furnished by the local band, which is composed of the best kind of amateur musicians. The old and the young of the town will turn out and there is quite a crowd going from here. There will be a special train leave Tonopah on Monday night at 8 o'clock, and the round fare will be but eighty cents, the regular fare one way. This train will return at any time the revelers decide. There will be a banquet at the hotel during the dance, and this is to be one of the very best that could be served in any part of Nevada.

Dancing will commence sharp at 9 o'clock.

The Lindsay has forty rooms and will be heated throughout. It has also three bathrooms for the accommodation of the guests. The building, which has just been completed at a cost of twenty-five thousand dollars, was put up by McLean and Dorr, and is modern in every respect. C. C. Dorr, proprietor of the Celtic, in this city, will be the manager of the hotel, and James R. Blair will be head clerk. Mr. Blair has been in the auditor's department of the railroad company for the past year, and has already established himself in Millers as one of the most popular young men in that town. He will be a success in his position without a doubt. He is at present manager of the railroad boys club. Dave Holland is the proprietor of the bar that is to be run in connection with the hotel, and the liquors which are to be found in the Tonopah Liquor Company will be served over the bar.

On Monday night, Bob Kuhns, formerly of this city, will be floor manager and monarch of all he surveys. Under his management the dance cannot fail of being a success.

PERSONAL MENTION

W. C. Russell and party will leave for Rawhide on Saturday.

Ray Baker, accompanied by Valentine Hush and Russell Sutherland, has returned to Ubehebe.

Bert Smith, the Manhattan banker, accompanied by L. L. Mushett, arrived from Manhattan yesterday.

C. C. Dorr, manager of the Lindsay hotel at Millers, came up from the mill town last night, and will return this morning.

Mrs. E. J. Baldwin, the wife of "Lucky" Baldwin, and Miss Anna McGarry of Eureka, are guests of Mrs. George A. Bartlett.

Donald B. Gilles, president of the Tonopah Extension Company, left for the East yesterday morning, going by way of Beatty.

Lewis A. Parkhurst, who has extensive mining interests in Rosebud, Seven Troughs and other parts of Nevada, left last night for a brief trip to Salt Lake.

Hon. George A. Bartlett, L. A. Gibbons and Frank R. Nicholas were passengers in the Bartlett machine for Round Mountain yesterday afternoon. They spent the night at Round Mountain, and will be in Manhattan today, returning to Tonopah tonight.

Mrs. C. H. McIntosh, and her two children, Phyllis and John, were passengers for the coast on last night's train. They will be met at Reno by Mr. McIntosh on his return from Seven Troughs, and he will accompany the family to Berkeley, where he will spend a few days and then return to Tonopah. Mrs. McIntosh and the children will remain away until after the holidays.

WHERE DEATH VALLEY IS.

The recent operations of the Geological Survey in Death Valley have shown that the depth of that remarkable depression is less than has been hitherto supposed. The lowest point is 276 feet instead of 450 feet below sea level. Both the highest and the lowest points of dry land in the United States, excepting Alaska, lie in Southern California, and only seventy-five miles apart. The first is Mount Whitney, 14,500 feet high, and the second is Death Valley. Before Salton Sink was flooded it contained the lowest point of dry land, 287 feet below sea level.

Rings Dyspepsia Tablets do the work. Stomach trouble, dyspepsia, indigestion, bloating, etc., yield quickly. Two days treatment free. Ask your druggist for a free trial. Sold by Tonopah Drug Co.

FORD TRIAL MUST AWAIT HOLIDAYS

(Associated Press.)

SAN FRANCISCO, Nov. 6.—Judge Lawlor conferred with leading bankers and Governor Gillett today regarding a temporary suspension of the holidays in order to complete the trial of T. L. Ford on the charge of bribery. The conference resulted in a decision not to discontinue the holidays for the present; but the statement was made that the bankers consider the necessity for a continuance will be over by the end of the present week.

MOTION PICTURES AT THE BUTLER

Motion pictures will be the attraction at the Butler theater, commencing next Monday night. S. G. Haas of Cripple Creek and Frank Murphy, who has manipulated the pictures heretofore, have taken a lease of the theater and will give the best moving pictures that are to be seen anywhere. There will be two performances each night, beginning at seven and at eight fifteen, and the admission to all parts of the house will be twenty-five cents.

DELLA PRINGLE AT PAVILION TONIGHT

Tonight's the night. The Della Pringle company will give the first of their return performances, and will present a new show from those which have gone before. The engagement will be played in the Pavilion and will last for three nights, and judging from the success that met the efforts of the little company before, crowded houses should greet them.

DEPOSITORS SIGN FOR STATE BANK

GOLDFIELD, Nov. 6.—The signing of the agreement by the depositors of the State Bank and Trust Company is going along in fine style and it is evident that the majority of the depositors are with President Rickey.

The meeting that was to be held tomorrow afternoon has been postponed until Friday afternoon, in consequence of the inability of Rickey to arrive before that time.

BEWAELS LACK OF BOXERS.

Corbett Says Gans Is the Only One Worthy of the Name.

James J. Corbett, "Gentleman Jim," now of the "profess," calls the fighters of the present day a poor collection, and says that Gans is the only one worthy the name of a pugilist, according to the New York World.

"Without doubt, Gans stands as far above the average fighter today as the sky is above the earth," said Corbett. "He stands out pre-eminently from his class. He has beaten every man in the lightweight division and many of the welters.

"Now, take it in the heavy-weight class. There is a bunch of men in this division who are not worth the title of fighter. They are a crowd of second-raters. There is not a man among them who has shown himself a championship timber.

"The outlook for the fight game is very bad. Here it is that Gans, who ten or twelve years ago was fighting at his best, is able to beat every one of the present-day scrappers. The Baltimorean is not nearly so fast as he used to be, and it only goes to show that the men of the present time are not real boxers.

"As it is in the lightweight rank, so it is in the other divisions. The men who are fighting in them are far inferior to those who represented the division in the years gone by.

"Jeffries is easily the best man that the game ever knew. He was the speediest man for a heavy fellow that the world ever saw, and the chances are that his equal will never be seen again. However, I am patiently awaiting the day when some man will come forward who can really put up his dukes in championship style, and then the people who pay to see a mill will not be bunked, as they are nearly every time they attend a boxing bout at the present time."

Journals, cash books and ledgers—just the thing the merchant needs—best that can be made. For sale at the Bonanza office.

BERGER JOINS UNIVERSITY.

Will Give the Students Lessons in the Art of Hit and Get Away.

He computes the parabolic curve. The hay maker describes. And a diabolic swerve. For footwork he prescribes. And through the sections come. He just plants a punch sardonic. For now he's a professor in the university. —From Songs of Culture.

Prof. Samuel Berger now appears. Hereafter the directory of officers and students of the University of California will contain this line:

"Samuel Berger, B. S., professor of pugilism, private tutor to the University of California boxing team, Harmon gymnasium. Monday, Wednesday and Friday, lecture course on the art of haberdashery. Laboratory work in the 24-foot ring."

Samuel Berger, B. S. (for the honor of Fillmore street let it be said that B. S. does not stand for Big Stiff). Samuel Berger is the newest addition to the faculty across the bay. As he says, "It is but recently that I took myself from the congested precincts of Fillmore street and Eddy Graney's bask in the lodoform of the Berkeley oaks. Culture always appealed to me, and I have matriculated as a member of the faculty, joined the push, become a satellite of Benjamin Ide Wheeler at the earnest aggravation of the rah-rah lads. My physis and my record of having stayed in the ring with Al Kaufman for an incredibly short time makes me a valuable protestation to the departure of philosophy at the school. I have always been fond of children and the little juniors in knickerbockers and the freshmen on the eve of graduation appeal to me."

Sammy was yanked from Fillmore street last week to become a compeer of the Ph. D.'s and the LL. D.'s and the other big D's of the faculty. He has a corp of big huskies, none of whom are as big as Jeffries but they are said to be comers. Sam is soon to be dean at the college of scrappers and will then have a bid to all the sorority functions. He will add Cocky O'Brien to his staff.

Several young instructors, to whom Professor Berger condescends to speak, are registered in his classes, and Sam has promised Alex Gregains a pair of doctors of philosophy or a couple of masters of arts as a feature of the next gents' night of the four-round club.

Black eyes are already beginning to show about the campus. Professor Berger is a brunette, so the spot where the husky freshman from Triniboldt county lana 1 is not very distinct.
